

*Mark Fijor, the Technology Facilitator at Windsor and Dryden, has graciously offered to share "The Twelve Gifts of Tech" that he is sending to staff. Please contact any member of the **Westgate Tech Team** if you have any questions or would like more information.*

In the spirit of the holiday season, each day leading up to break I will be sending an email of resources and opportunities that the tech department has been working on.

Today's Gift: "Welcome to Google Docs"

One of pieces of feedback we have been hearing this year is that attending professional development is challenging because there is not enough time. In effort to help provide you high quality professional development that you can use, we have created a series of support videos for a variety of tech topics. The videos are available when you want to watch them, and can be accessed from home and school.

Today's video is an introduction and walkthrough to Google Docs. In addition to the videos, we have also provided several support documents and links to help you integrate Google Docs into your classroom and/or life. To access your Google Doc gift simply follow this link:

<https://secureweb.sd25.org/d25moodle/course/view.php?id=9>

Next, select "Login as Guest"- and you may click on any of the links on the site.

If you would like any more information about Google Docs, or you would like individual or group training please do not hesitate to contact me.
